

Aquionix

Position: Consulting Services Manager

Company: Aquionix, Inc.

Location: Denver, Colorado

Travel: Required (up to 50%)

Description: Aquionix, Inc. is seeking candidates for the position of Consulting Services Manager. In this position, the successful candidate will:

- Manage and mentor professional/technical staff;
- Manage and properly complete a wide variety of projects in the fields of air, water, and waste compliance/engineering;
- Develop and maintain strong client relationships with companies throughout a variety of industries including manufacturing, mining, and oil and gas exploration and production;
- Work with marketing and management personnel to develop and execute business and marketing plans; and
- Assist with recruitment and selection of new employees for the consulting services group.

Education: A bachelor or master degree in engineering, chemistry, environmental science or related discipline.

Licenses: A professional engineer license is preferred.

Experience: The successful candidate will have 5 to 10 years of experience working in the environmental field with a focus in one or more of the following areas:

- Regulatory compliance, permitting and reporting under the CWA, OPA, RCRA, EPCRA, CERCLA, TSCA and CAA;
- Development and implementation of environmental management systems; and
- Site remediation and investigation.

The candidate must be proficient with Microsoft software including Word, Excel, Access, PowerPoint and Outlook. Experience with AutoCAD and GIS mapping software is preferred.

Candidates who possess experience in the following areas will be given preference:

- Prior experience managing professional and technical staff; and
- Prior experience working at a medium to large consulting firm.
