

## *INTRODUCTION*

Working with Aquionix over the past year and a half, as well as previous internships and jobs in the mining sector, have given Ms. Taras a broad range of experience in the environmental field.

## *EXPERIENCE*

Ms. Taras' experience includes work in the mining and wastewater treatment industries as well as the government sector.

Specific experiences include:

- Development and implementation of SPCC programs.
- Development and implementation of Stormwater Management programs.
- Creating site-specific maps using AutoCAD and ArcGIS software to assist in environmental program compliance.
- Implementation of handheld field technology and database management.
- Drafting of spill reporting and emergency response procedures.
- Implementation of lead prevention programs.
- Wastewater treatment plant operations.
- Water, soil and air sampling.

## *PERSONAL STRENGTHS AND SPECIALTIES*

Ms. Taras is energetic, hard working and a quick learner who seamlessly integrates into any team. Her education in environmental engineering and involvement with internships and environmental design projects give her a broad understanding of the environmental field, which she is able to adapt and apply to a wide range of projects.

## *Melissa Taras*

## *EDUCATION*

- Bachelor of Science in Environmental Engineering, Montana Tech of the University of Montana

## *CERTIFICATIONS*

- MSHA (Underground and Aboveground)
